## P R E F A C E

---

My "Official Register" or "Red Book," is now offered to the Public. It is as complete as the necessarily limited means of information, owing to the recent organization of the Government, will allow

I have devoted much time and labor to its compilation, and can recommend my "Register" as correct, so far as it goes. When the Government shall be permanently established, and my facilities for acquiring the necessary information becomes greater, it is my purpose to issue a second edition, enlarged, revised and corrected.

My little work is intended solely for the benefit of the public and for no personal emolument. I trust the public will appreciate the difficulties under which I labored, and give to the "Register" a generous reception.

CHAS. A. VANFELSON
